WCSEIT2019

VI World Congress on Systems Engineering and Information Technology

November 16-19, 2019, Guimarães – PORTUGAL

Secure Information Technology for Engineering System Reliability

<http://www.copec.eu/wcseit2019/>

Organized by: Science and Education Research Organization (COPEC)

Promoted by: World Organization on Systems Engineering and Information Technology (WCSEIT)

Host Institutions: Computer Graphics Center (CCG) & University of Minho (UMinho)

Scientific Program: The duration of the Congress will be four days. The scientific program will include:

- . Workshops
- . Plenary Sessions
- . Oral presentations
- . Panels and Round-Table meetings

Paper submission: Prospective participants are invited to submit by homepage a Full Paper or the WIP. After the notification of acceptance of the work, the author should send and submit the Final Paper in .DOC format or .DOCX format via homepage. For more details including the template, access <http://www.copec.eu/wcseit2019/>

A Work-in-Progress-Paper (WIP) for which a four-page (maximum) paper will be submitted. A WIP describes preliminary developments of an on-going project in its infancy that involves state-of-the-art, implementation, creative pilot programs, or nontraditional concepts. It must contain the details of the scientific and/or educational feasibility of the project, including expected outcomes.

Proceedings and Book of Abstracts: The proceedings and the book of abstracts of the congress will be published on line and will be available at the time of the congress. Both will be registered in ISBN with international validity; besides, the proceedings have ISSN because they are also a periodic. All published papers will have DOI (Digital Object Identifier).

Congress Language: English, Spanish and Portuguese will be the official Congress languages.

Social Program: Cocktail, Congress Banquet and Cultural Sessions are planned.

Workshops: During the Congress, some workshops will be offered. The Full Program will be available at the homepage <http://www.copec.eu/wcseit2019/>

Objectives: This congress will provide a major international forum for the exchange of information on research and recent developments towards the improvement of all Systems Engineering and Information Technology fields. During the Congress, the integration between the worldwide market and Systems Engineering and Information Technology areas will be discussed as well the curriculum guidelines for applied ITC.

 Computação
 Gráfica

Universidade do Minho

Topics: The Congress topics include, but are not limited to:

Advanced Architecture for Information Technology and Communication
 Business Process in Engineering and Management, E-Business and Competitive Strategy
 Education in Systems Engineering and Information Technology
 Global, Cultural and Social Issues in SEIT
 Healthcare Information Systems Issues
 Human Computer Interaction and Human Behavior
 Innovative and Reliable Systems Development in SEIT
 Knowledge Management and Business Intelligence
 New Challenges for E-Government
 Project Management and ITC Development
 Security and Privacy of Information
 Other (You may submit proposals on other topics)

General Chair: **Claudio R. Brito**

Co-Chair: **Melany M. Ciampi**

Technical Program Chair: **Maria Feldgen**

Local Chairs: **Luis A. Amaral & Rosa M. Vasconcelos**

Workshops Chair: **Oswaldo Clua**

Address for Correspondence
